Tasso's "Crusaders" at Elite.
Tasso's immortal epic, "The Crusaders," or "Jerusalem Delivered," will be shown today at the Elite theatre in a \$50,000 moving picture production.
What more gorgeously classical production could imagination picture than the famed poem of Tasso's "Jerusalem Delivered"?
As we well know, the classic photograph is the "film of the hour." It draws from the ordinary and realistic to the fantastic and ideal, which signifies things artistic and difficult and begs praise and applause.
The beautiful tales surrounding the Crusaders are well known to the his-

torians of every country; the wonderful interest in the deeds of the good men of old is always with us. Their valiant conduct on the field of battle will naturally convey a vivid and stirring picture.

In this portrayal our imagination is outwitted by the clever staging, the historically accurate costumes and settings, the marvelous details and impressions of the scenes, and in bringing before our eyes the very landscapes of these encounters of the days of yore.

Such a remarkable picture has never before been shown. About four thousand feet of film are used to depict this most beautiful work of art. The first few feet introduces the leading characters, who are wonderfully trained artists.

Following is the cast of characters:

Godfrey of Bouillon, Leader of the First Crusade.
Tancred.
Raynold.
Clorinda, a Saracen Princess and Warrior.

Armida, Princess of Antioch.
Sultan Al-ed-Din.
Ismene, a Magician.
Sophronia, a Christian Maid.
Ollindo, her Lover.

To give school children especially a chance to see this great and highly instructive picture, the price of admission will not be raised in spite of the heavy extra cost.

Bonita Today.

This theatre presents to its patrons today an extraordinary good program of pictures. "Hello Central" is an interesting drama in which the plot is centered around a telephone exchange. "Alkali Ike's Love Affair" is an uproariously funny "Snakeville" comedy and is guaranteed to produce 75 varieties of laughs. "Seven Bars of Gold" is an interesting drama of the west, a clean cut drama with just enough thrill to make it doubly interesting. Tony Klumker, a local singer, just off of a very successful vaudeville tour, opened a singing engagement yesterday and his many friends sure gave him plenty of applause, proving that his singing is appreciated. Tony is some star in character work and should be seen and heard to be appreciated. He will sing a new number today.

R. P. REESE ON METHODS OF "INTERESTS"

SAYS USE OF MONEY TO ELECT MEN TO OFFICE, TO ENACT SPECIAL INTEREST LEGISLATION, AND TO CONTROL POLITICS MUST STOP—JOINS THE JOURNAL IN EFFORT TO PUNISH FRAUD.

Editor Pensacola Journal.

I read with a great deal of interest your articles in The Sunday Journal—especially the one with reference to the \$100.00 reward for evidence of fraud.

From my observation of the methods being used by the interests to control the election for certain candidates in Escambia county, it was high time that some brave man should speak out and that brave men should act. "Eternal vigilance is the price of liberty." This truth uttered by Patrick Henry, who, according to the interests' definition would be classed a demagogue, is as true today as when that patriot gave it expression.

This republic, to endure on the foundation it was placed by the fathers, calls upon men who love liberty to be watchful and on their guard. The freedom of the ballot, placed in the hands of the citizen and sovereigns of this great commonwealth by the sacrifices of our fathers, is, and must be, preserved at any cost.

If we stand idly by when men with money are attempting to buy the nomination and election for those who are to be placed in public offices, we deserve to be classed as the vassals who were subject to the will of the feudal lords in the days when republics and republican forms of government were dreams of fanatics and visionaries.

The use of money to perpetuate the interests in power is well understood by the thinking men of today and this method is used that they may elect to public offices, and especially to those offices which pertain to the legislative branch of the government, men who will do their will and bidding and oppose and obstruct legislation and laws in the interest of the public, and who will, as the subservient tools of the corporate interests, continue in operation and enact other laws to subvert and maintain their power and hold the common people in subjection.

Escambia county and her citizens must be freed from this infamous domination of the money power. You have sounded the tocsin and all liberty loving citizens, not only of Escambia county, but of the state of Florida, owe you a debt of gratitude and will rally to support your efforts in behalf of the purity of the ballot and honest elections and a fair count.

Again congratulating you on your patriotic stand in this matter, I beg to remain, with my hat off to you, and enlisted for the fight.

BOND ISSUE MONEY SOON BE OBTAINED

COMPANY WHICH PURCHASED SPECIAL JAIL BONDS WRITES THAT A REPRESENTATIVE WILL BE HERE THIS WEEK TO MAKE THE TRANSFER OF MONEY.

According to a letter received yesterday by the clerk of the board of county commissioners, the money from the jail bond issue will be available during the present week.

Woodin, McVear & Moore, the firm which has agreed to purchase the bonds, wrote that a representative of their firm would be here during the week to make the transfer of the money, all of the other details having been arranged and the bonds satisfactorily passed upon in every particular.

The bonds have been issued for the purpose of liquidating the indebtedness on the new jail building and amount to \$180,000.

The delay in securing the money has been caused by Dillon, Thompson & Clay, the experts, who make a business of passing upon the validity of bond issues and whose opinion is accepted by all of the bond purchasing companies.

HIS RECORD

As a Peace Officer and his opposition to the Criminal Costs

Free System ARE HIS PLATFORM

For Sheriff

For Sheriff

Whether or not the good people see fit to promote me today from the office of CHIEF OF POLICE of Pensacola, to the more important office of SHERIFF of Escambia County, I shall always feel grateful for the manifold kindnesses that have been shown me, both in the city and in the country, throughout the campaign.

A Clean Campaign

I have conducted a VIGOROUS but CLEAN, DIGNIFIED campaign, entirely devoid of personalities of any nature.

Indeed, I have not myself indulged in any unkind or uncharitable references to either of my opponents, nor have I countenanced such methods of campaigning upon the part of any of my friends or supporters. Hence, I have no regrets to express nor apologies to offer.

My Record of More than Fifteen Years

as a PEACE OFFICER in Escambia County, and my sincere, unyielding OPPOSITION to the CRIMINAL COSTS FEE SYSTEM are my excuses for my candidacy for the office of SHERIFF.

If my OFFICIAL RECORD, in your judgment, has been good, and if you would have a SHERIFF who stands pledged to assist rather than to hinder the ABOLISHMENT of EXPENSIVE and INEQUITOUS FEE SYSTEM, I hope that you will cast your vote for me today.

conditions have caused several club owners to declare that there should be a radical reform on the making of schedules. Not only have players felt ill effects from the weather, but records from the clubs in the big leagues show that attendance figures fall below the mark of other years.

The playing form of the big league club is also below standard except in not or two cases. The Philadelphia National league club and the New York American league club are playing with teams made

up almost entirely of substitutes. The latest player in this city to fall a victim to weather conditions is Hal Chase, the first baseman of the New York Americans, who is suffering from a severe cold and a nervous break down. He is in this city under the care of a physician. Others of the American league players on the hospital list are Cree, Walter, Hatzell and Street.

5 GOOD REASONS WHY

State Treasurer.
Candidate to Succeed Himself, in the Primary, on the 30th.

the voters of the state should vote for him for State Treasurer.
1—He is the present State Treasurer, appointed by the governor to fill an unexpired term.
2—He was not an applicant for the position and was given the office solely upon his qualifications.
3—He has been connected with official work at the state capital for the past six years, and is thoroughly familiar with the various duties connected with the office.
4—Because it is one of the most important and responsible offices of the state, the State Treasurer being a member of every state board (except one) which governs and controls the entire affairs of your government.
5—And last, because, possessing the necessary qualifications for the position, the term for which he was appointed is for only 10 months, and it is an unbroken custom of the party in this state to give an official a second term, and according to this custom, in fairness he should have your vote and support.
